

# Interprofessional Education: A Strategic View

Jann T. Balmer PhD RN  
Director, Continuing Medical Education  
University of Virginia School of Medicine

# Value Proposition for IPE

- \* Increased focus on Competency-based structures for education and professional development
- \* Certification movement in all professions
- \* Affordable Care Act – changes in the framework for reimbursement for healthcare services
- \* Accountable Care Organizations– new organizational and systems structures for the delivery of patient-centric care
- \* ACGME – CLER requirements for residents

# Competency Based Education

- \* ABMS– Maintenance of Certification
- \* Undergraduate/graduate medical education competency structures that align with 6 ACGME/ABMS competencies
- \* Continued increase certification program for nurses, pharmacists, PAs and other health professions
- \* Maintenance of Licensure movement

# Certification Programs

- \* Professional Certification program for individual practitioners (MOC, MOL, Nursing, PA and pharmacy certification programs).
- \* Institutional certification program– Baby Friendly Hospital Certification etc., Magnet Designation
- \* Accountable Care Organizations– are a form of institutional certification
- \* MOC Portfolio Program designation

# Affordable Care Act

- \* New financial reimbursement structure associated with wellness, patient-centric approaches
- \* Fosters incentives for healthy behaviors
- \* Shift in patient responsibility/payment
- \* Physician Payment Sunshine Act

# Accountable Care Organizations

- \* Patient safety and Continuous Quality Improvement core features
- \* Link care improvement with evidence-based strategies that are based on evidence/standards of care
- \* Create an environment where practitioners have a vested interest in the success of the organization
- \* Reimbursement is tied to quality of evidence-based care

# ACGME CLER Program

- \* Sets standards for resident training and performance in the clinical setting
- \* Incorporates interprofessional performance as a core value/standard of care
- \* Outlines expectations for mentorship and patient-centric care

# Summary
