Welcome to the 2020 SACME Annual Meeting

Leading in Change

Welcome to Miami! We are glad that you chose to join us at academic continuing medical education's signature scholarly and networking annual event. Many cross-cutting sessions permit deep dives into leadership issues of interest and importance to the changing scenes in continuing medical education and health care.

With more attendees and research abstract submissions than ever before, this year's annual meeting promises not only to be a chance to network with your peers, but also to engage and build relationships with colleagues across the missions of continuing professional development. We extend a special welcome to new member and those attending for the first time.

We hope that you will take advantage of the many thought-provoking sessions. As the only meeting dedicated to scholarly activities in continuing medical education, our sessions will be opportunities to explore the most timely and relevant issues affecting your program and those we serve. Through the wide variety of learning formats, you will have the chance to gain more insights about medical education and health care issues and to examine new approaches to complex problems and our changing landscape.

Meals and receptions will be blended throughout the program. We invite you to attend these functions to give yourself the time to compare, share, and reflect. Our hope is that you leave this meeting not only feeling more enlightened and energized about leading in change but more desire to challenge the status quo in service to our mission of meaningful lifelong learning.

William Rayburn, MD, MBA
President

Letticia Bresnahan, BS, BA, MBA
Chair, Program Planning Committee

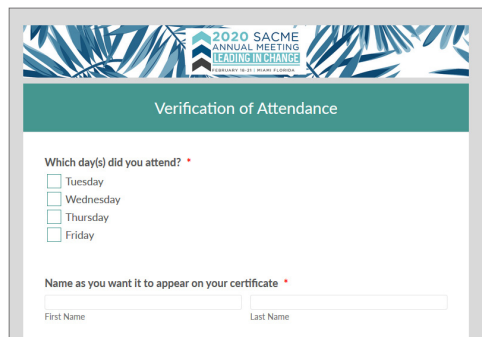

How to Claim CME Credit

Look for “Claim My CME Credit” on the left navigation bar of the Annual Meeting website (and also in the menu bar of the conference app).

From there, you will be asked to check which days and sessions you attended.

This form should only be completed once on your final day at the conference. After submitting your attendance, your credit certificate or certificate of attendance will be sent to the email you provide on the form. The form will be available until March 20.

Contact cme@ohsu.edu or call 503-494-8700 if you have any questions.

Academy of Fellows of the Society for Academic Continuing Medical Education

Established 2017

The overarching goals of the new Fellowship of the Society for Academic Continuing Medical Education (SACME) are to recognize preeminent CME/CPD leaders of national and international renown for their seminal contributions, and to create a vibrant community of thought leaders through establishment of the new Academy of Fellows of SACME. The Academy was established in 2017 when the initial cohort of Fellows of SACME was inducted at the Annual SACME Meeting in Scottsdale, Arizona. This Academy of SACME Fellows serves as a think-tank to define megatrends in CME/CPD for the future; shape future directions of the field of CME/CPD; proactively address a range of national and international imperatives through innovation and creativity; and provide mentorship to aspiring leaders in the field of CME/CPD. This Academy recognizes the past accomplishments of the renowned CME/CPD leaders and establishes mechanisms for them to continue making noteworthy contributions in the future. Individuals inducted into this Academy are able to use the initials FSACME after their names, in recognition of this high accomplishment and recognition.
